processing the information collected from the consumer; and
recommending to the consumer an assortment of feminine care products based
upon the processed information.

33. The method of claim 32 wherein the collecting step includes collecting
information related to the consumer's physical activity while using an absorbent
catamenial product.

34. The method of claim 32 wherein the collecting step includes collecting
information related to absorbent catamenial products which the consumer prefers not
to use.

35. The method of claim 32 wherein the collecting step includes collecting
information related to a type of undergarment worn by the consumer while
menstruating.

36. The method of claim 32 wherein the collecting step includes collecting
information related to the consumer's sleeping habits.

37. The method of claim 36 wherein the collecting step includes collecting
information related to whether the consumer is a side sleeper.

38. The method of claim 36 wherein the collecting step includes collecting
information related to the frequency at which the consumer changes an absorbent
catamenial product during a period of sleep.

39. The method of claim 32 wherein the collecting step includes collecting
information related to the frequency at which the consumer changes an absorbent
catamenial product during waking hours.
